The 22nd Annual ASTECH Awards

Patron and Sponsorship Opportunities

The ASTECH Foundation is the premiere organization for promoting and recognizing excellence in science and technology in Alberta, and takes pride in its 22 years of rewarding our province's scientific and technological leaders.

As a member of Alberta's business community, you know how important science and technology (S&T) are to finding innovative solutions to business and social issues. Each year, the ASTECH Awards shine a spotlight on our province's S&T success stories. This recognition is important because it acknowledges the achievements of outstanding individuals, teams, and organizations, and because it promotes the myriad positive impacts science and technology have on Alberta's economy and our way of life.
