

Leaders of Tomorrow sponsored by Alberta Advanced Education and Technology

This award is presented to an individual who is 30 years of age or less and has exemplified the qualities that are expected to make him/her a future leader in Alberta's science and technology community. The award recognizes an individual who shows leadership potential in the areas of science and technology teaching, research, entrepreneurship or a technology based business.

Award: The recipient receives \$10,000 and an ASTeCH sculpture; finalists receive \$500.

Written nomination submission should address the following criteria:

Entrepreneurship

- Describe how the nominee demonstrates entrepreneurial qualities. Factors to consider are: the nominee's ability to recognize an opportunity, lead the development of the opportunity and ultimately achieve a significant impact in his/her field.

Leadership potential

- What makes this nominee a leader? For example, are they the president of a student organization or club? Have they been involved in community service, led the publication of research results or patent applications?
- Describe some of the activities in which the nominee has led or participated that showcase Alberta science and technology talent.

Initiative

- How has the nominee demonstrated initiative and involvement in Alberta's science and technology community? Describe the activities or programs in which the nominee has led or participated.

Recognition by peers

- How has the nominee been recognized as a leader by his/her peers?
- What awards/accolades has the nominee received?
